

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

BULBS & CORMS		PLANT INFO	COMMENTS
	<p>Allium cernuum</p> <p>1.5 litre pot (approx. 5 bulbs)</p> <p>£3.00</p>	<p>HEIGHT: 50cm SOIL: Well drained ASPECT: Full sun FLOWERS: Jun - Jul HARDINESS: Fully hardy</p>	<p>Also called the 'Nodding Onion' this allium is a clump-forming bulbous plant with narrow, strap-shaped leaves and erect stems, nodding at the tips and bearing an umbel of bell-shaped pink flowers in summer. Best suited for cottage style flower borders & beds, but also versatile to work well in courtyards and gravel gardens. Good as a cut flower.</p>
	<p>Allium christophii</p> <p>2 litre pot (1 bulb)</p> <p>£3.00</p>	<p>HEIGHT: 50cm SOIL: Moist, well drained ASPECT: Full sun FLOWERS: May - Jun HARDINESS: Fully hardy</p>	<p>Also called 'Star of Persia' A. christophii is a perennial bulb with strap-shaped, slightly glaucous leaves withering by flowering time. Star-shaped, rosy-violet flowers are borne in globose heads to 20cm in width in early summer are followed by attractive seed-heads. Excellent as cut flower or in mixed borders and gravel gardens. RHS – AGM award</p>
	<p>Allium Roseum</p> <p>2 litre pot (5 bulbs)</p> <p>£4.00</p>	<p>HEIGHT: 30cm SOIL: Fertile, well drained ASPECT: Full sun FLOWERS: May - Jun HARDINESS: Fully hardy</p>	<p>Known also as 'Rosy Garlic', this allium is a perennial bulb, producing narrow grass-like leaves. The stems are leafless and bear small loose umbels of pale pink cup-shaped flowers in summer. A pretty allium that bridges the gap between late spring and early summer. Plant in groups for best effect.</p>
	<p>Gladiolus colvillii 'The Bride'</p> <p>2 litre pot (5 corms)</p> <p>£3.50</p>	<p>HEIGHT: 60cm SOIL: Any, well drained ASPECT: Full sun FLOWERS: Apr - Jun HARDINESS: Hardy to -5 deg C (H3), mulch to protect over winter</p>	<p>'The Bride' is a perennial corm with narrow, sword-shaped leaves and erect stems to 60cm, bearing up to 6 funnel-shaped white flowers 5cm wide, marked with yellow on the lower petals, from early spring to early summer. Excellent cut flower. Corms not fully hardy, so give winter protection with straw or manure, or pot up in autumn, grow on in cold-frame and re-plant in spring.</p>
	<p>Ranunculus asiaticus 'Aviv White'</p> <p>2 litre pot (5 bulbs)</p> <p>£3.50</p>	<p>HEIGHT: 30 cm SOIL: Fertile, moist well drained ASPECT: Full sun FLOWERS: May - Jun HARDINESS: Frost hardy may need winter protection</p>	<p>Sometimes referred to as the Persian buttercup, this bulb produces immaculate pure white flowers to add colour to the late spring and early summer garden. Plant more than you need as they are excellent cut flowers so you will want plenty for the vase.</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

ANNUALS		PLANT INFO	COMMENTS
	<p>Cosmos 'Candy Stripe'</p> <p>9 cm pot</p> <p>£1.50</p>	<p>HEIGHT: 90cm SOIL: Well drained ASPECT: Full sun, partial shade FLOWERS: Jul – Oct (frosts) HARDINESS: Half hardy annual</p>	<p>Finely divided foliage and open, single white flowers that are edged with a contrasting deep carmine-pink that accentuates the bright yellow centres. These are borne on stems to around 1m high, from summer until the first frosts. Lovely grown in combination with 'Purity' the pure white version</p>
	<p>Cosmos 'Purity'</p> <p>9 cm pot</p> <p>£1.50</p>	<p>HEIGHT: 90cm SOIL: Well drained ASPECT: Full sun, partial shade FLOWERS: Jul – Oct (frosts) HARDINESS: Half hardy annual</p>	<p>This cosmos bears masses of pure white, single, saucer-shaped flowers, in contrast with bright green, feathery foliage. It makes a great contrast against dark-flowered or dark foliage plants in the mixed border. Both the flowers and foliage work well in cut flower arrangements.</p>

TENDER PERENNIALS		PLANT INFO	COMMENTS
	<p>Dahlia – red decorative</p> <p>5 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 1.2 metre SOIL: Moist, but well drained ASPECT: Full sun FLOWERS: All summer, until frosts HARDINESS: Tender</p>	<p>Small flowered, open-cupped, decorative Dahlia in a cheery bright red with contrasting centre. Vigorous variety providing flowers all summer long. Lift and store tubers after first frost or leave in the ground and mulch well with straw.</p>
	<p>Dahlia – yellow pompom</p> <p>5 litre pot</p> <p>£5.00</p>	<p>HEIGHT: 1.2 metre SOIL: Moist, but well drained ASPECT: Full sun FLOWERS: All summer, until frosts HARDINESS: Tender</p>	<p>Small pompom type Dahlia in lemon yellow, prolific flowerer if dead headed. Perfect as a cut-flower. Lift and store tubers after first frost or leave in the ground and mulch well with straw.</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Marguerite – Pink (Argyranthemum)</p> <p>2 litre pot</p> <p>£5.00</p>	<p>HEIGHT: 45 cm SOIL: Any or grow in a pot ASPECT: Full sun FLOWERS: All summer HARDINESS: Tender</p>	<p>New to the OGS plant sale last year, this marguerite has daisy-shaped single blooms that start as bright candy pink, fading in the sun to almost white. It proved to be extremely popular for summer pots and cottage gardens. Usually grown as an annual but can be over-wintered in a cool greenhouse.</p>
	<p>Marguerite – White (Argyranthemum)</p> <p>2 litre pot</p> <p>£5.00</p>	<p>HEIGHT: 45 cm SOIL: Any or grow in a pot ASPECT: Full sun FLOWERS: All summer HARDINESS: Tender</p>	<p>The well-known white marguerite daisy, popular for summer pots and cottage gardens. Usually grown as an annual but can be overwintered in a cool greenhouse.</p>
	<p>Marguerite – Yellow (Argyranthemum) 'Jamaica Primrose'</p> <p>3 litre pot</p> <p>£5.00</p>	<p>HEIGHT: Up to 1 metre SOIL: Any or grow in a pot ASPECT: Full sun FLOWERS: May – Dec (until frosts) HARDINESS: Half-hardy</p>	<p>Vigorous sub-shrub with long stalked cheerful yellow daisy flowers all summer long. Dead head to maintain flowering. Will survive mild winters outside, give frost protection or take cuttings in hard winters.</p>
	<p>Scented-leaf Pelargonium</p> <p>1 litre pot</p> <p>£3.50</p>	<p>HEIGHT: Up to 50 cm SOIL: Any, drought tolerant ASPECT: Full sun FLOWERS: Jun – Oct HARDINESS: Tender</p>	<p>Flowering all summer long, this scented leaf pelargonium (geranium) is great for patio pots. To overwinter, protect in a frost-free position or take indoors and grow as a houseplant. Can be propagated by cuttings in autumn</p>
	<p>Salvia 'Amistad'</p> <p>2 litre pot</p> <p>£5.00</p>	<p>HEIGHT: Up to 80cm SOIL: Any, drought tolerant ASPECT: Full sun FLOWERING: Jun - Oct HARDINESS: Borderline hardy/tender</p>	<p>A spectacular salvia, making a huge plant which flowers until the frosts. Stunning dark purple flowers with black calyces and stems. Attractive to bees. Reportedly hardy, but so far does not appear to be in Oxfordshire! Overwinter in a cool greenhouse, take cuttings or buy each year. Excellent in a pot although may not then reach full size. (Amistad is Spanish for friendship.)</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Salvia 'Love and Wishes'</p> <p>2 litre pot</p> <p>£5.00</p>	<p>HEIGHT: Up to 80cm SOIL: Any, drought tolerant ASPECT: Full sun FLOWERING: Jun - Oct HARDINESS: Borderline hardy/tender</p>	<p>One of the 'Wish' series of salvias, this new addition has striking magenta flowers each held by a dark burgundy calyx. Flowers over an incredibly long period. A great addition to the summer border, but equally good in a pot.</p>
	<p>Salvia 'Wendy's Wish'</p> <p>2 litre pot</p> <p>£5.00</p>	<p>HEIGHT: Up to 80cm SOIL: Any, drought tolerant ASPECT: Full sun FLOWERING: Jun - Oct HARDINESS: Borderline hardy/tender</p>	<p>A relatively new hybrid salvia from the 'Wish' series, with rich deep pink flowers held against lovely soft olive-green foliage. Flowers over an incredibly long period. Good in the border or a pot.</p>

HARDY PERENNIALS	PLANT INFO		COMMENTS
	<p>Alyssum (syn. Aurinum saxatilis)</p> <p>1 litre pot</p> <p>£2.00</p>	<p>HEIGHT: Ground cover SOIL: Any, well drained ASPECT: Full sun FLOWERING: April - June HARDINESS: Hardy, if not too wet</p>	<p>Low growing evergreen perennial that forms a mound of greyish-green leaves with plentiful, small, bright yellow flowers in late spring and early summer. Excellent tumbling over a wall or edge of a raised bed.</p>
	<p>Anthemis punctata cupaniana</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: Ground cover SOIL: Well drained, drought tolerant ASPECT: Full sun FLOWERING: May - Jul HARDINESS: Hardy, if not too wet</p>	<p>Herbaceous perennial. Silver evergreen foliage forms effective ground cover. White daisy flowers are produced over a long period, particularly if dead headed. Lovely trailing over a wall, or at the front of a border. RHS – AGM award</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Antirrhinum 'Lemon Sherbert'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 50 cm SOIL: Any, including poor or dry ASPECT: Full sun, light shade FLOWERS: Apr - Oct HARDINESS: Short lived, may self-seed</p>	<p>A modern contemporary twist on a much-loved favourite, this Snapdragon has large flowers in whites and yellowy creams. Forming an upright, clump, they are happy in poor soil and cope well with dry conditions, making them ideal for difficult corners that need colour. Once settled it will flower its heart out. It also looks great in a container.</p>
	<p>Campanula glomerata Alba</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 30 – 60 cm SOIL: Fertile, moist, well drained ASPECT: Full sun, partial shade FLOWERS: May - Jul HARDINESS: Fully hardy</p>	<p>Sometimes known as the 'Clustered Bellflower', it is a vigorous, clump-forming perennial with upward facing, bell-shaped, pure white flowers held in dense clusters, from early to midsummer. If dead-headed promptly there may be a smaller, second flush.</p>
	<p>Centaurea montana 'Purple Heart'</p> <p>2 litre pot</p> <p>£3.50</p>	<p>HEIGHT: 30 cm SOIL: Any, well drained ASPECT: Full sun FLOWERS: May - Jul HARDINESS: Fully hardy</p>	<p>'Purple Heart' is a striking variety with white, spidery flowerheads combined with a violet-purple centre. Prostrate habit with silver-grey foliage. It is more tolerant of dry soils than other varieties and may be grown in sunny borders and gravel gardens. Cut back to the ground after flowering to encourage a second flush. Adored by bees & butterflies.</p>
	<p>Centaurea montana (blue)</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 45 cm SOIL: Any, well drained ASPECT: Full sun FLOWERS: May - Jul HARDINESS: Fully hardy</p>	<p>Often referred to as the perennial cornflower, showy blue thistle-like flower heads appear above grey-green lance shaped leaves. The loose spreading growing habit will allow it to mingle with adjacent plants to create a lovely soft effect in the mixed border. Cut back to the ground after flowering to encourage a second flush. Adored by bees & butterflies.</p>
	<p>Chrysanthemum 'Allouise Pink'</p> <p>2 litre pot</p> <p>£3.00</p>	<p>HEIGHT: Up to 1.20 metres SOIL: Any, well drained ASPECT: Full sun, partial shade FLOWERS: Sep - Oct HARDINESS: Half-hardy</p>	<p>Selected for its ability to flower out-of-doors, this large bloomed, soft pink chrysanthemum is a good all-rounder grown for early autumn colour, cutting, or showing. Tall stems will usually produce 4 or 5 blooms, but side buds can be removed to produce large single heads.</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Dianthus caryophyllus 'Grenadin Scarlet'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 40 – 50 cm SOIL: Normal or sandy (or grow in a pot) ASPECT: Full sun FLOWERS: May - Oct HARDINESS: Hardy</p>	<p>Carnations may be treated as annuals or short-lived perennials in the garden. Plants form a low mound of grassy grey-green leaves, bearing upright stems of fully double, florist-type flowers in shades of red and scarlet. Wonderful spicy-clove fragrance. Excellent for cutting or containers. Good drainage is essential for winter hardiness.</p>
	<p>Echinacea purpurea 'Magnus'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 75cm SOIL: Most, except very dry or boggy ASPECT: Full sun, partial shade FLOWERS: Jul - Sept HARDINESS: Fully hardy</p>	<p>Herbaceous perennial bearing large deep-pink daisy like flowers with a firm central cone (hence its alternative name Purple Cone Flower). Long flowering season and extremely attractive to bees & butterflies. Suits a mixed herbaceous border and frequently used in prairie-style planting schemes.</p>
	<p>Echinops bannaticus 'Star Frost'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: Up to 1 metre SOIL: Any, well drained ASPECT: Full sun, partial shade FLOWERS: Jul - Sep HARDINESS: Hardy in sheltered position</p>	<p>'Star Frost' is an upright, clump-forming perennial with divided, spiny grey-green leaves and spherical flowerheads of silvery-white, star-shaped flowers on sturdy, well-branched stems. Tolerant of most conditions except heavy shade.</p>
	<p>Echinops ritro (blue)</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: Up to 1 metre SOIL: Any, well drained ASPECT: Full sun, tolerates partial shade FLOWERS: Jul - Sep HARDINESS: Fully hardy</p>	<p>Small globe thistle or blue hedgehog if you prefer, is an attractive robust, upright herbaceous perennial, with jagged-divided, prickly dark green leaves whitish beneath. Rounded, almost metallic violet-blue flower heads on silvery, branched, leafy stems. Associates well with other late summer plants such as echinacea.</p>
	<p>Erigeron karvinskianus</p> <p>1 litre pot</p> <p>£2.50</p>	<p>HEIGHT: 30cm SOIL: Well drained ASPECT: Full sun FLOWERS: May - Oct HARDINESS: Fully hardy</p>	<p>Mexican daisy. Masses of flowers emerge white and then turn pink. Long flowering period and is very versatile as an edging plant, along paths, in a gravel garden, in cracks in paving or walls or in a pot. Great for bees too. Trim back in autumn. RHS – AGM award</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Erysimum 'Bowles Mauve'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 75 cm SOIL: Neutral/alkaline, well drained ASPECT: Full sun FLOWERS: Apr - Sep HARDINESS: Hardy to -5 to -10</p>	<p>Shortlisted for the Chelsea Plant of the Centenary for the decade 1973-1982, this evergreen perennial wallflower forms a bushy plant up to 75cm. Narrow, dark grey-green leaves carry erect racemes of rich mauve flowers 2cm in width and often fragrant. Trim lightly after flowering to prevent plants becoming leggy. RHS – AGM award</p>
	<p>Euphorbia oblongata</p> <p>2 litre pot</p> <p>£3.50</p>	<p>HEIGHT: 1 metre SOIL: Well drained ASPECT: Full sun FLOWERS: Mar - Jun HARDINESS: Fully hardy</p>	<p>Sarah Raven's number one cut flower foliage plant! It is a short-lived hardy perennial but self-seeds to provide plants for future years. Cut with care and use gloves to avoid the milky sap. Look wonderful when teamed with rich purples, plum and orange. One of the best gap-fillers for a border, it is an easy, undemanding and very rewarding little gem.</p>
	<p>Geranium cantabrigiense 'Cambridge'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 15cm SOIL: Any ASPECT: Full sun, partial shade FLOWERS: May - Jun HARDINESS: Fully hardy</p>	<p>Lovely ground cover geranium with semi-evergreen leaves. In early summer, soft pink flowers smother low cushions of neat leaves. Great for the front of the border. Spreads neatly, but never invasive.</p>
	<p>Geranium psilostemon</p> <p>2 litre pot</p> <p>£3.00</p>	<p>HEIGHT: Up to 1 metre SOIL: Any ASPECT: Full sun, partial shade FLOWERS: Jun- Aug HARDINESS: Fully hardy</p>	<p>This vigorous cranesbill produces a mass of shallow, cup-shaped, vivid magenta flowers with black centres and veins from early to late summer. It quickly forms loose hummocks of deeply cut mid-green leaves which turn red in autumn. An excellent plant for the middle of the border, which provides interest beyond the flowering period. RHS – AGM award</p>
	<p>Geum borisii</p> <p>1.5 litre pot</p> <p>£3.50</p>	<p>HEIGHT: 30 cm SOIL: Fertile, well drained ASPECT: Full sun, partial shade FLOWERS: Apr - Jun HARDINESS: Hardy</p>	<p>This Geum is a compact, clump forming herbaceous perennial with an abundance of brilliant orange cup-shaped single flowers with contrasting yellow stamens above a mound of lush medium green foliage. Blooms appear on branching stems in early spring, through to mid-summer, when they give way to fluffy seed heads. An eye catching low growing carpet of colour for the front of the border or rock garden.</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Heuchera villosa 'Autumn Bride'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 45cm SOIL: Any, except dry ASPECT: Full sun, partial shade FLOWERS: Jul - Sep HARDINESS: Fully hardy</p>	<p>Large, soft, fresh green foliage on a vigorous plant. Masses of strong spires of fat creamy-white flowers in later summer/autumn. Mainly grown for its distinctive foliage, it looks particularly effective in large drifts. It is semi-evergreen and makes an eye-catching front of border plant, ideally in dappled shade. Bees love this one for its late nectar.</p>
	<p>Hyssopus officinalis</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 50 cm SOIL: Moist, well drained (not acidic) ASPECT: Full sun, partial shade FLOWERS: Jun - Sep HARDINESS: Fully hardy</p>	<p>A compact, semi-evergreen sub-shrub, Hyssop can be used as a lavender substitute. Shoots have aromatic, linear leaves ending in spikes of whorled, tubular blue flowers. Hugely versatile in the mixed border, herb garden, patio pots or as low hedging. Lightly prune in mid-spring. Attractive to pollinators.</p>
	<p>Lychnis coronarius Alba</p> <p>1 litre pot</p> <p>£2.00</p>	<p>HEIGHT: 70cm SOIL: Any, well drained ASPECT: Full sun, partial shade FLOWERS: Jul - Sept HARDINESS: Fully Hardy</p>	<p>Upright, bushy short-lived perennial with silvery-grey, felted oval to lance shaped leaves. White flowers held on branched stems compliment beautifully throughout the summer. Self-seeds to give new plants, dead-head if you do not want it to spread.</p>
	<p>Papaver orientale 'Victoria Louise'</p> <p>2 litre pot</p> <p>£3.50</p>	<p>HEIGHT: 50 cm to 1 metre SOIL: Fertile, moist, well drained ASPECT: Full sun, very light shade FLOWERS: May - Jun HARDINESS: Hardy</p>	<p>Stunning robust deciduous perennial is a feast for the eyes with stems holding large single, bowl-shaped, salmon-pink flowers with a dark purple eye and each petal has a black splotch at their base. Foliage forms a low clump of silver-grey pinnately divided leaves.</p>
	<p>Penstemon – mixed colours</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 50 cm – 1metre SOIL: Fertile, well drained ASPECT: Full sun FLOWERS: Jun – Oct HARDINESS: Fully hardy</p>	<p>Reliable summer-flowering perennials with semi-evergreen foliage in winter and spikes of single or bi-coloured blooms from mid-summer into autumn. Penstemons bring welcome colour to the garden. Shades available are (pale pink, dark pink, lilac, red, mauve & white/pink.</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Phlox paniculata White</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: Up to 1 metre SOIL: Fertile, moist ASPECT: Full sun, partial shade FLOWERS: Jun - Aug HARDINESS: Fully hardy</p>	<p>Possibly 'White Admiral' this herbaceous perennial has an upright habit, with lance-shaped leaves of vibrant green supporting panicles of fragrant, pure white flowers in mid and late summer. Benefits from the 'chelsea chop' to encourage additional flowering stems and stays upright with support of light staking/pea sticks.</p>
	<p>Phlox subulata 'Emerald Cushion Blue'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 10 – 15 cm SOIL: Any, not wet ASPECT: Full sun FLOWERS: Apr - May HARDINESS: Hardy</p>	<p>A spreading, mound-forming, evergreen alpine phlox which makes very pretty ground cover at the front of a border or in a rockery. Leaves are dark tinged as they develop and sit below dainty pale lavender-blue flowers in late spring to early summer for about 6 weeks. Quite a vigorous little plant once it gets going.</p>
	<p>Rudbeckia 'Goldsturm'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 60 cm SOIL: Moderately fertile, moist ASPECT: Full sun, partial shade FLOWERS: Aug-Oct HARDINESS: Fully hardy</p>	<p>Large, golden-yellow, daisy-like flowers with cone-shaped, blackish-brown centres. Looks great planted in bold drifts with other late summer-flowering perennials and ornamental grasses. Coping well in a sunny spot, it's ideal for the middle of a border that doesn't dry out over summer. Attractive seedheads. RHS – AGM award</p>
	<p>Salvia verticillata 'Purple Fairy Tale'</p> <p>2 litre pot</p> <p>£4.00</p>	<p>HEIGHT: 50cm SOIL: Any, well drained ASPECT: Full sun, partial shade FLOWERS: Jun - Oct HARDINESS: Fully hardy</p>	<p>Salvia verticillata are some of the showiest plants for large containers and mixed borders. Throughout the summer this cultivar produces multiple whorled upright flower spikes in a shade of deep purple. They are highly attractive to bees, butterflies, and other beneficial insects. The seed-heads are also very decorative.</p>
	<p>Sisyrinchium striatum</p> <p>2 litre pot</p> <p>£3.00</p>	<p>HEIGHT: 80 cm SOIL: Any well drained ASPECT: Full sun FLOWERS: Jul - Sep HARDINESS: Fully hardy</p>	<p>Clump forming perennial, with fans of grey-green narrow lance shaped leaves. In summer, stiff upright stems carry clusters of pale-yellow star-shaped flowers along their length. Equally at home in a cottage style, gravel garden or informal courtyard. Remove blackened foliage after flowering.</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

	<p>Stachys byzantina</p> <p>2 litre pot</p> <p>£3.50</p>	<p>HEIGHT: 50 cm SOIL: Any, well drained ASPECT: Full sun FLOWERS: Jun - Aug HARDINESS: Fully hardy</p>	<p>More commonly known as ‘Lamb’s Ears’, Stachys is a low carpeting, evergreen perennial with thick, soft oblong leaves and stems that are densely white-woolly. Basal leaves are up to 10 cm long in rosettes, with taller flowering stems that hold multiple whorled blooms in purplish-pink. A valuable foliage plant for all year interest. Good in a sensory garden for its soft touch.</p>
	<p>Tellima grandiflora</p> <p>2 litre pot</p> <p>£3.50</p>	<p>HEIGHT: 60 – 80 cm SOIL: Any, even dry shade ASPECT: Shade, partial shade FLOWERS: May - Jul HARDINESS: Fully hardy</p>	<p>Also called fringe cups, it forms semi-evergreen rosettes of hairy, scalloped leaves from which tall slender spikes emerge, bearing tiny bell-shaped green flowers which become edged in pink as they age. Perfect as ground cover in a shady shrub border or woodland garden alongside spring bulbs, also makes a good companion for hostas and hardy ferns. Excellent cut flower too.</p>
	<p>Verbena bonariensis</p> <p>2.5 litre pot</p> <p>£3.00</p>	<p>HEIGHT: 1 – 2 metres SOIL: Any, well drained ASPECT: Full sun FLOWERS: Jun – Sep HARDINESS: Fully hardy</p>	<p>Tightly packed, lilac-purple flowers, highly attractive to bees and butterflies help to provide nectar into the autumn. Open, transparent shape means it can be used at the front or middle of a border despite its height.</p>
	<p>Veronica longifolia ‘blue shades’</p> <p>1 litre pot</p> <p>£3.50</p>	<p>HEIGHT: Up to 1.2 metres SOIL: Any moist, well drained ASPECT: Full sun, partial shade FLOWERS: Jul - Sep HARDINESS: Full hardy, sheltered position</p>	<p>Distinctive vertical habit, this upright herbaceous perennial with narrow leaves in pairs or threes up the stem has densely packed spikes of tiny tubular purplish-blue flowers. A great addition to the mixed border to provide an injection of subtle colour in late summer and early autumn, that will attract clouds of butterflies.</p>

GRASSES		PLANT INFO	COMMENTS
	<p>Melica ciliata ‘Silky’</p> <p>2.5 litre pot</p> <p>£3.50</p>	<p>HEIGHT: 50 cm to 1 metre SOIL: Any, well drained ASPECT: Full sun, partial shade FLOWERS: Jun - Sep HARDINESS: Fully hardy</p>	<p>Deciduous, perennial grass forming a spreading clump of narrow green or blue-green leaves. Throughout summer upright arching stems bear flower spikes up to 15cm long of small, pale cream flowers with silky hairs. Mixes with a wide range of perennials. Grows happily in the Beth Chatto gravel garden, suggesting it copes well with dry conditions. Flower spikes also good for cutting.</p>

OTMOOR GARDEN SOCIETY – 2021 PLANT CATALOGUE

VEGETABLES	PLANT INFO
	<p>There will be a selection of vegetables available to purchase at the time of collecting pre-booked flower orders.</p> <p>Unfortunately, the recent frosts have resulted in a late growing season. Therefore, at the time of going to press, we are unable to list these individually.</p>

RAFFLE	
	<p>As part of the 25th Anniversary theme, we are running a Plant Sale raffle this year.</p> <p>FIRST PRIZE is a Galvanised Container planted up with 3 red Dianthus ‘Grenadin Scarlet’ and topped with crushed slate.</p> <p>SECOND PRIZE as above, but with 2 white Dianthus ‘Mrs Sinkins’.</p> <p><i>Your order number will act as your raffle ticket.</i></p> <p><i>A £2 ticket fee is included on the order form, please delete if you DO NOT wish to purchase a raffle ticket</i></p>
